

Large Party Guidelines

May 15 through September 15

We strive to provide excellent service and delicious cuisine at fair prices for all reservations.

We are one of the few restaurants that does not have a non-refundable room charge.

In order to accommodate all our guests, our policy for large parties is as follows;

All food and beverages will be charged food or liquor tax of 11.5% as well as a service fee of 20%.

Party reservations will be contacted to confirm the reservation and to get a guaranteed number of attendees at least one week prior to the event.

Guests should call if they will be more than 15 minutes later than their requested reservation time. All changes must go through a Manager, please request one when you call. We will only guarantee your reservation up to 30 minutes beyond the scheduled time. Your reserved space will be forfeited if you cannot adhere to this arrangement.

For reservations of 25 or more, where we have to hold multiple tables, a minimum order of \$20 per person is required after 4 PM. The guest total will be based on your guaranteed number at the time we call to confirm your event.

In order to hold the room for the guaranteed number a credit card number will be required at the time the guarantee is made.

For example: If you guarantee 40 people and only 30 people arrive, you will be charged the difference. 40 people at \$20 would be \$800 before tax and gratuity. The difference would be \$200 if only 30 people attended. That \$200 would be added to the total bill.

If only 30 of the scheduled 40 people attend and the amount of the total bill meets or exceeds the \$800 amount, than no additional service charge will be added.

We will strive to accommodate your needs should weather or traffic cause unforeseen complications

We look forward to making your dining experience delicious and satisfying!
